Slack: astrodata

<https://astrodata.slack.com>

Open to anyone with an astro.as.utexas.edu email

May add utexas.edu or something?

Matt Stevens is an administrator (as are a bunch of other people, mostly no longer at UT)

Originally meant for people planning to do data science, but has turned into a more general purpose thing

Still a bit of DS emphasis

Many former UT postdocs and grad. students

Good for asking questions to largish group

OttoStruve group

<https://github.com/OttoStruve>

Mostly built around data science

Useful place to store code or files that are useful within the department

Grad students: potential place to store files for various Tas

https://github.com/OttoStruve/ast301_Winget

<https://github.com/OttoStruve/ast152m>

Intro to Python:

https://github.com/OttoStruve/A_quick_intro_to_Python_for_Astronomers

Grad students: University thesis template in LaTeX

Current as of 2017-2018

<https://github.com/OttoStruve/UT-thesis>

Grad Student Wiki

<https://wikis.utexas.edu/display/AstroGS>

Currently only accessible to grad students (sorry post-docs)

List of current grad student officers

<https://wikis.utexas.edu/display/AstroGS/Grad+Student+Executive+Committee>

Information about being a TA

<https://wikis.utexas.edu/display/AstroGS/TA+and+undergrad+class+information>

Please add to and update this!

Things I wish I knew my first year

<https://wikis.utexas.edu/display/AstroGS/Things+I+wish+I+knew+my+first+year>

Former grad students

<https://wikis.utexas.edu/display/AstroGS/Former+Grad+Students>

Useful stuff for life as a grad student

<https://wikis.utexas.edu/display/AstroGS/Grad+Student+Life>

Maybe time to move it to github?
